Come be part of the show!

This summer, experience the thrill of being part of a theater production. Participants will act, sing, build scenery and make friends under the guidance of River Rock School's teacher and co-director, Allison Caldwell.

The fundamentals of performance will be highlighted, including voice projection, blocking and self reflection. Each day will bring new opportunities to explore teamwork and personal challenge. Here is a unique opportunity to invest quality time in a beloved musical.

Directed by Allison Caldwell
Ira Friedman, Accompanist

Allison Caldwell has over 20 years of experience directing children's theater productions. She founded and directed a highly successful children's theater program which included an after-school theater group as well as a performing arts summer school for children ages 7-12, at Hubbard Hall Projects in Cambridge, NY for 10 years. A veteran elementary/middle school teacher, the bulk of Allison's teaching experience has been in independent schools where she has been able to place drama in a central place in the curriculum that she creates for children. One of the key principles of Allison's work is that she never holds auditions. She prefers to work with a diversity of children, because she finds drama to be a powerful tool for the growth of every child.

Ira Friedman has been playing the piano since he was four years old. An accomplished musician, he performs regularly in many area groups including Viscus, D'Moja, Willy Edwards Band, and at Positive Pie for the Blue Light Lounge. He is a piano teacher, offering lessons for all ages and styles. His versatility, and calm gentle nature make him a natural as an accompanist for children's musicals. He's been a treasured musical director for many River Rock productions, and we are happy to have him join us once again.
